Jørgen Nyström

Web Developer

👤 Profile

I have 10 years of experience in developing web application.

At the First, I have developed web site by using PHP, MySQL, JavaScript, Html, CSS.

I have specialized in developing shopping site, blog site, social manage system etc.

For the several years, I have studied all kind of JS language such as React JS, Angular JS, Vue JS and MongoDB, Express etc.

Recently, I'm developing web application with MERN Stack.

I'm trying to become a good MERN Stack developer and I'm working remotely.

And also, I'm interested in windows application and mobile device control.
